

RAMON A. RODRIGUEZ

Pembroke Pines, FL | Hybrid / Remote | [Phone Number] | [Email] | [[linkedin.com/in/ramon-a-rodriguez](https://www.linkedin.com/in/ramon-a-rodriguez)]

TARGET TITLE: Senior Principal Product Manager / Director of Product Strategy *Product & Portfolio Strategy | GTM & Partner Alliances | Telco Cloud & AI Infrastructure*

EXECUTIVE PROFILE

Transformational Product Management and Go-To-Market (GTM) Executive with over 20 years of dedicated product leadership experience, architecting complex commercial strategies for Tier-1 technology and infrastructure leaders. A "T-shaped" product visionary combining deep technical authority in 5G Core, Telco Cloud, Edge AI, and Cybersecurity with elite commercial acumen (Pragmatic Certified Level VI, BU MicroMasters). Proven track record of directing \$200M+ regional portfolios, leading highly matrixed cross-functional stakeholders, and launching award-winning enterprise services that accelerate global time-to-revenue.

PROFESSIONAL EXPERIENCE

DELL TECHNOLOGIES | Remote / South Florida | Aug 2021 – Present *Dell Technologies is a \$90B+ global technology leader providing infrastructure, cloud, and security solutions to enterprise and service provider customers worldwide.*

Senior Principal Product Manager, Infrastructure Services

Scope: Served as the senior individual contributor owning the portfolio strategy and end-to-end service productization for Cloud Infrastructure Services for Telecom (Dell Telecom Infrastructure Blocks). Managed the Day 0 to Day 2 services lifecycle, bridging complex 5G, Telco Cloud, and Edge AI architectures with global GTM execution, while influencing cross-functional stakeholders across Strategy, Engineering, and Marketing to drive adoption.

Accomplishments:

- **Time-to-Value Acceleration (Award Winner):** Conceived and led the development of Lab Validation Services (LVS), partnering closely with cross-functional teams to launch this first-of-its-kind offering at Mobile World Congress; awarded the 2023 Dell Technologies Services President's Award for this initiative.
- **Platform Enablement Strategy:** Built a global "Enablement Suite" of SOW templates, ROM calculators, and service playbooks, significantly reducing implementation friction and standardizing deployment readiness across regional delivery teams.
- **Partner Ecosystem Delivery:** Co-created complex delivery motions and joint GTM strategies with strategic ecosystem partners, including Nokia and Red Hat OpenShift, to align integration touchpoints for enterprise-grade 5G and Telco Cloud deployments.
- **Turnaround Leadership:** Successfully took over the ProDeploy for Telecom Networks (PDTN) service, navigating a highly fractured stakeholder environment to rebuild core-team trust and deliver the service launch on schedule.

TRACFONE WIRELESS (Acquired by Verizon) | Miami, FL | Nov 2018 – May 2021 *TracFone was the largest Mobile Virtual Network Operator (MVNO) in the U.S. with over 22 million subscribers, generating nearly \$10B in annual revenue prior to its acquisition by Verizon.*

Senior Director, Product Management & Business Development

Scope: Recruited to lead the B2B/Enterprise product vision (Clearway brand) and direct the strategic Heavy-MVNO 5G core architecture. Acted as a senior individual contributor managing critical external technology vendor relationships (Nokia, Ericsson, Cisco, Microsoft/MetaSwitch) to design a seamless, multi-RAN roaming infrastructure.

Accomplishments:

- **Emerging Portfolio Leadership:** Directed the end-to-end product lifecycle for a diverse portfolio of B2B enterprise solutions—including CBRS, IoT/Smart Wearables (independent living/healthcare), and Fixed Wireless Access (FWA).
- **Strategic Growth Execution:** Designed the product and channel expansion strategy targeting more than 2x topline revenue growth over five years, taking complex technical concepts from initial ideation to market-ready architecture prior to the Verizon acquisition.

MOTOROLA SOLUTIONS | Plantation, FL & Latin America | Apr 1997 – Nov 2018 *Motorola Solutions is a global leader in public safety and enterprise security, delivering mission-critical communications, software, and video analytics to tens of thousands of customers.*

Chief of Staff & Senior Manager, Product Operations (2015 – 2018)

Scope: Directed the Office of the VP of R&D for Mobile Devices, managing global product operations and leading a distributed team across Singapore, Israel, Poland, and Chicago.

Accomplishments:

- **Global Enablement:** Architected and deployed comprehensive learning paths and Technical Training programs for a global organization comprising 100+ senior Product Managers and Systems Engineers.
- **Portfolio Governance:** Drove the strategic consolidation of siloed technology tracks (Astro/P25, Tetra/Dimetra, DMR) into a unified global portfolio operational model.

Senior Manager, Mission Critical Networks (2008 – 2015)

Scope: Led a regional product management team of 6 PMs overseeing the High Tier Land Mobile Radio (LMR) portfolio for Latin America & the Caribbean (LACR), managing a P&L of approximately \$200M to \$250M annually.

Accomplishments:

- **P&L Impact:** Drove portfolio strategies that secured and maintained a 50% share of the total LACR division's annual revenue.
- **Business Model Innovation:** Pioneered a feature-licensing business model for software upgrades, decoupling hardware lifecycles from software monetization to create a recurring revenue stream.
- **Execution Excellence:** Delivered 100% on-time and on-budget product rollouts for over 70 complex network migrations and 50+ new deployments across 18 countries.

Product Manager & Regional Solution Specialist (1997 – 2008)

- Transitioned from Pre-Sales Systems Engineering into Product Management, architecting multi-vendor wireless solutions (microwave, satellite, LMR) and securing multi-million-dollar contracts across enterprise, utility, and government sectors in LATAM.

EARLY CAREER & ENGINEERING FOUNDATION | Venezuela | 1990 – 1997

Engineering & Operations Manager, *CNH Communications* (Managed 10 engineers for national network planning).

Systems Engineer, *Marcoms de Venezuela / Electrospace* (RF coverage, microwave, and VSAT systems design).

EDUCATION

- **MBA (US-Equivalent) - Especialización en Gerencia Empresarial** | Universidad Simón Bolívar, Venezuela | *Graduated with Honors (4.9/5.0)*
- **Master of Science (M.Sc.) in Electronics Engineering (Telecommunications)** | Universidad Simón Bolívar, Venezuela | *Graduated with Honors (Outstanding Thesis)*
- **Bachelor of Science (B.S.) in Electronics Engineering** | Universidad Simón Bolívar, Venezuela

CERTIFICATIONS & STRATEGIC UPSKILLING

Product & Commercial Excellence:

- **MicroMasters in Digital Product Management** | *Boston University & edX*
- **Pragmatic Institute Certified: PMC Level VI, Certified Product Manager (CPM), Certified Product Marketer**
- **Generative AI for Product Managers** | *LinkedIn Learning (2024)*

Cloud & AI Infrastructure:

- **2026 Strategic Focus (In Progress): NVIDIA AI Infrastructure & Operations (Associate)** — GPU cluster orchestration; AWS Certified AI Practitioner
- **AWS Certified Solutions Architect – Associate** | *Amazon Web Services (2021; recertification in progress)*
- **AWS Certified Cloud Practitioner** | *Amazon Web Services (2020; recertification in progress)*
- **Continuous Upskilling:** *Cybersecurity Foundations, IoT Security, AI Infrastructure Concepts*

SELECTED EXECUTIVE ENDORSEMENTS

- "Ramon is the ideal candidate for a director position or above, in any company interested in expanding its global sales..." – **Alexander Serrano (Colleague/Stakeholder)**
- "He managed the High Tier LMR Portfolio, responsible for 50% of the annual revenue of the LACR division of Motorola Solutions..." – **Ernesto Gonzalez (Direct Report, Motorola)**
- "We focused on identifying new growth opportunities and creating new channels to more than double the company's total revenue in a five-year period." – **Tyler Crain (Colleague, TracFone)**
